

ARRIVAL IN NICE / FRANCE

If you are renting a car please make sure to reserve a small size vehicle. Ligurian roads tend to be narrow and curvy – you don't want to get stuck :)

It is very easy to get to the Autoroute/Autostrada – please follow the signs to the airport exit and find the Autoroute **A8** direction **Nice-Nord, Monaco, Genova**

Simply follow this Autostrada to the exit **ALBENGA** (it will be called A10 in Italy).

! Make sure to have some Euro coins for the French part – you will need to pay toll at 2 péage stations (**all over the airport are machines that change bills into coins! --- make sure to use those machines right at the airport!**)

Approach the péages (pay stations) slowly and make sure you enter a lane that has a coin sign!

You will pass two peage station in France where you simply throw the coins into a basket!

Once you enter Italy (in Ventimiglia) you will get a ticket for the rest of the trip until you exit at ALBENGA! You can use any major credit card in Italy – France Autoroutes do NOT accept American credit cards

Once you exit in Albenga please refer to the driving directions that you can [find here](#)
